July ride after the meeting

Mary & I had prepared a ride for after the meeting this month but a few days before, we received 14 FREE tickets to the Grand Bend Motorplex so we took the group there for the afternoon. The racing is quite interesting & there are some really neat cars. Some people spend a lot of money on the

cars & trailers etc. There were also motorcycle races. I had heard that there were sled races too but we didn't see any. Next year if there are more people interested in this, we could do it again. It is hard to beat FREE for a good time.
